O EBSCOhost inclui um programa gratuito de criação de páginas da Web chamado Page Composer.

Ele permite a criação de páginas da Web personalizadas, que podem incluir itens da Lista de resultados, uma caixa de pesquisa, imagens e gráficos de páginas criativos, que podem ser usados, por exemplo, como tarefas para estudantes (quando publicados em outro site da Web).

O programa Page Composer está disponível exclusivamente a partir da pasta Meu EBSCOhost, na qual são armazenadas as páginas da Web criadas com essa ferramenta.
